As per our conversation , use 1n, which is an existing DOA federal aid alpha appropriation.

Thanks!

Is another draft creating the (n) approp? If so, it might make sense to merge the two requests.

Hi Chris -

This is going to cross with another draft I sent over but the language related to this particular question could be as follows:

Modify 16.27(3) (e) 1. as follows:

**(e) From the appropriation under s. 20.505 (1) (mb):**

**1. Allocate and transfer to the appropriation under s. 20.505 (1) (kn) (n), 15% less administrative costs of the moneys received under 42 USC 8621 to 8629 in each federal fiscal year under the priority of maintaining funding for the geographical areas on July 20, 1985, and, if funding is reduced, prorating contracted levels of payment, for the weatherization assistance program administered by the department under s. 16.26.**

Does that answer the question?

Cindy

We're calling this a housing draft, so I'm the drafter for this one.

In checking cross-references, I see that the (kn) approp. catches a transfer of 15% from the (mb) approp. per s. 16.27 (3) (e) 1. Should the draft also repeal (e) 1.?

Sure. The LIHEAP block grant funding used to be received at DHS and then transferred to DOA back in the 1990's. DOA needed a PR appropriation to get the funding in the DOA budget (as transferred from DHS). At some point in the late 90's, DOA became the receiving agency for the FED directly. When that occurred, this PR appropriation became obsolete and essentially is double counting the revenues since they are getting the FED revenue in the FED appropriation and then transferring it to the PR appropriation. With this PR approp deleted, the funds will be received and expended from the FED appropriation (1)(n). The short answer is it will be a clean accounting of the FED revenues.

Does that make sense?

Cindy

I'm working on the analysis for this draft. Can you help me figure out the purpose of the draft?

FYI, I'll be out of the office this afternoon, but will probably be back on Monday afternoon.

FOR 2009-11 BUDGET -- NOT READY FOR INTRODUCTION

LPS - Statutory section  
out of order; please sort.

SA ✓  
X-ref ✓

1 AN ACT ...; relating to: the budget.

**Analysis by the Legislative Reference Bureau**

Under current law, DOA administers a federally-funded weatherization assistance program for low-income persons according to federal law and regulations. Currently, DOA transfers federal monies for the program, minus DOA's administrative expenses, to a program revenues appropriation before expending the monies as authorized by federal law and regulations. This draft eliminates the program revenues appropriation and authorizes DOA to expend the monies after deducting administrative expenses, directly from the appropriation into which the federal monies are received.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.

**The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:**

2 SECTION 1. 20.505 (1) (kn) of the statutes is repealed.
